

# School Sustainability Fund

Helping your school help the environment

## First Credit Union wants to give you a hand in helping the environment!

We have established a fund to help schools with environmental projects. This fund provides one-off grants to student-led projects that directly enhance and/or benefit the environment whilst providing opportunities to learn about and develop skills for creating a sustainable school community.

## Guidelines for applicants

### How much money is available?

A total fund of \$5,000 is available annually. Applications can be for any amount. No project is too big or too small - we will consider anything. So whether its a few recycling bins, or you want to construct something much larger, let us know!

### Who can apply?

Applications are welcome from any school that participates in our school banking programme. Applications designed to generate personal or commercial profit or compensate individuals are not eligible for funding.

### When do applications have to be submitted?

We will accept applications all year round, there is no deadline. Projects must be completed within a year from when funding was approved. From time to time we will contact you for updates on how your project is progressing, and would like the opportunity to visit your school to see the project once completed.

Complete the application form and email to [marketing@firstcu.co.nz](mailto:marketing@firstcu.co.nz) or send to:

**Terms and Conditions**

I agree that First Credit Union may discuss my application with other persons or organisations as part of the evaluation process. I agree that my application will become part of First Credit Union's public processes and will be available to the media and the general public. I agree that if my application is successful, certain terms and conditions will apply upon my acceptance of the fund.

**Certifications for Applicant**

Through this application form, I certify that:

1. All information provided is up to date, true and correct, and
2. I have the authority to commit my school to this application.
