the queen

THIS YEAR IS THE DIAMOND JUBILEE OF QUEEN ELIZABETH II, WHICH MEANS SHE HAS BEEN THE QUEEN FOR 60 YEARS!

She became the Queen in 1952, after her father who was the king died.

Queen Elizabeth has been busy in the last 60 years. She has been to 116 different countries – imagine how many plane trips she must have been on!

Here are some interesting facts about the Queen:

Her real birthday is on 21st April, but it is celebrated officially in June, and we get a long weekend to celebrate!

When the Queen got married, 2000 people went to her wedding. Imagine how much wedding cake they would have eaten!

When you turn 100 years old you get a letter from the Queen!

She has four children – Charles, Anne, Andrew, and Edward.

She is an animal lover, and has had more than 30 corgi dogs during her time as Queen.
